Want to achieve these staggering numbers with ZERO time investment?

Hi, I'm Raj Shamani. And I can help YOU achieve these numbers, just like I've achieved them for myself and my clients over the past few years.

I strongly believe that personal branding and social media is a game changer in today's world. Being online is critical for your business brand, but even more important, is building YOURSELF as a brand.

Yes, I also understand that you have a business to run and a world to change, and do not have much time for your personal brand. So, I'm on a mission to equip YOU with the power of the virtual world and help you find opportunities through social media!

And of course, I practice what I preach.

Over the past few years, I have built myself as the Founder of Shamani Industries. So, when I launched my CPG brand "Insurance" during the pandemic, we hit a revenue of \$1million in just 50 days. During a lockdown. That's the power of a personal brand.

I've also been on the "Top 5 Young Influencers of India" list, and the Youngest Indian to speak at the United Nations Assembly in Vienna. So far, I've given 4 TEDx Talks and over 200 keynotes in 26+ countries. My passion for entrepreneurship and love for speaking has landed me on stages like Jaguar Land Rover, TCS, Reliance, Forbes, Babson College and more.

I love speaking so much, that I recently started a podcast #FiguringOut, one of the Top 10 Business Podcasts of India.

Now that you know a little about me, it's my turn to know a little about you.
