Summary

I am a tech enthusiast interested in Development of Mobile Apps using Flutter and JAVA too.

I am an avid learner who is enthusiastic about learning something new each and every day. On the whole, I love to code and am an enthusiastic coder.

I am skilled in C++, Flutter, Dart, JAVA, Python, HTML, CSS and PHP. I am also a competitive programmer. Looking forward to exploring Machine Learning, Deep Learning and Artificial Intelligence in near future to quench my interests in Mathematics!

When I am not coding, I love playing some games, listening to songs or simply sitting somewhere in the lap of nature doing nothing or embracing it.

Experience

Entrepreneurship Cell, NIT Raipur

Raipur Area, India

Deloitte

Technology Consulting Virtual Intern

June 2020 - June 2020 (1 month)

JPMorgan Chase & Co.

Software Engineering Virtual Intern

June 2020 - June 2020 (1 month)

Jindal Steel & Power Ltd.

Winter Intern

December 2019 - December 2019 (1 month)

Raigarh, Chhattisgarh, India

I did my winter intern at Jindal Steel and Power Limited, during my first year of the undergraduate course. The intern was of one month starting from 01 December 2019 to 31 December 2019.

I created a live work order status portal for IT department JSPL Raigarh. I used the XAMPP package so as to create web applications with Apache2, PHP and a MySQL database and host it using a local webhost. I used PhpMyAdmin as the MySQL administrative tool.

The basic purpose of this project is to provide a live tracking of work orders and shoot up automatic E-mails to the concerned person at regular intervals so as to remind him/her about the ongoing Work Orders and their pending payment. The portal also has features for adding, deleting, editing and searching of work orders.

The webpages were created using HTML, CSS and JavaScript. The main working script behind the data insertion, updation, retrieval was of PHP.

Internshala

Internshala Student Programme 15

August 2019 - October 2019 (3 months)
